|---------------------------------|---|
| Project title | Setting up a modern analytical testing laboratory to meet current global industrial challenges - Scanning Electron Microscope (SEM) Laboratory |
| Sector | Service sector |
| Location | Sarajevo - Municipality Centar Sarajevo |
| Location description | The Centar municipality is the administrative, business, commercial, cultural, educational, and medical centre of Sarajevo. |
| Company description | BSIP is a leading Intellectual Property (IP) advisory company, offering industry-leading IP technical solutions to various companies, corporations, law, and banks in the world. We leverage the best technical experts in each industry providing transaction, engineering, and litigation support across the globe. We are strategic partner and co-founder of FabLab Sarajevo, a rapid prototyping additive manufacturing laboratory located on the University Campus. |
| Project status | Pre-startup phase |
| Project description | <p>This project proposes setting up of a modern Scanning Electron Microscopy and Energy Dispersive X-Ray Spectroscopy analytical testing laboratory that will provide intelligent and feasible solutions to the needs of a wide array of industrial, consulting, governmental, academic, electronic, forensic, biomedical, pharmaceutical and commercial markets. The Laboratory will utilize SEM/EDS for materials testing, micro/nano identification, technical problem solving, and failure analysis.</p> <p>This will be the only SEM laboratory in B&H, and will target not only local and regional, but also global markets.</p> <p>The company seeks the strategic partner for investment in purchasing of the core equipment. Company will provide expertise, training, and basic laboratory equipment.</p> |
| Estimated total investment cost | 120.000 EUR |

| | | |
|--|-------------|---|
| Inputs provided by local partner | Value | Description |
| | 25.000 EUR | Management, expertise, training, basic lab equipment, lab space |
| Inputs required from foreign partner | Value | Description |
| | 95.000 EUR | Core equipment |
| Form of cooperation with foreign partner | Financial | |
| | Partnership | |
